The Essential Goodness Highly Scented Wax Melt, Candle and Bath & Body company is a family-owned business with GREAT employees. The owner is obsessed with scents. You will find an incredible variety of scents, but you really won't be able to pick just one! Our Wax Melts are highly fragrant but not overpowering – we like to say they're enjoyable right to the end and even after they're gone. They're long-lasting ... and we mean it.

Essential Goodness offers more than 180 fabulous fragrances (we told you the owner is obsessed). All fragrances come in wax melts. We also have a fabulous line of Loofah Soap and Lotions in many of our most popular scents, as well as 29 super-fun flavors in our All-Natural Lip Balm. Our Pain Relief Lotion is made with eight different essential oils that work. Our Botanical Blend Face Cream/Moisturizer is incredibly delightful – your face will thank you.

We take great pride in manufacturing thoughtfully created wonderful products, and we can honestly say with 100% certainty that you will enjoy all of them! Any choice is a good one and your customers will absolutely love whatever you choose.

We understand that stores come in all different sizes and not every business has room for a large amount of inventory. We care that our products are available to everyone no matter how big or small their establishment is, so we offer a low wholesale minimum purchase amount.

If you require a "rush" order, please notify us immediately as soon as your order is placed. We will do our very best to accommodate your deadline.
